

COBRAMOBILE FORMS

Eliminating the High Cost of Paper Processing

Cobra Mobile Field Sheets

COBRA Mobile Forms is a state-of-the-art mobile data capture solution designed specifically for electrical contractors and service techs. This solution replaces paper forms by capturing job data on your iPad and wirelessly transmitting it directly into COBRA....cutting your field and administrative costs by up to 93.5%.

Pre-populated form has everything your field techs need:

- Customer/Job information – Scheduled Date/Time – Map + directions
- Past Installed Equipment
- Multiple Tech Charge Rates
- Customer Service History
- Material Descriptions with Customer Pricing/Discounts – Job Tax.
- Job total calculated for collecting on site and doing quick quotes.
- Captures Customer's electronic signature, photos, customer receipt.
- Voice Recognition "Tech Notes" saves time, and avoids miscommunication.

Your Mobile Future is Now!

A Mobile Field Sheet is a list of materials related to a specific type of Job. You can create as many Templates (Field Sheets) to match the different types of Jobs you do.

- Residential, Commercial Service
- Installations
- Preventive Maintenance
- Punch Lists
 - Rough-In, Finish
- Parking Lot Lighting
- Gas Stations
- Schools
- Restaurants
- Onion Farms
- Hog Barns

Quick navigation
to all areas of the Field Sheet...
colored highlights for visual breakout of Material groups

Mobile Field Sheets save time - The tech simply enters a quantity next to each material used....that's it... that's all they have to do! It's so much easier than handwriting materials and job notes....up to 93.5% faster. "Write-in materials" can also be spoken/entered onto field sheets.

Mobile field sheets are flexible – use them for quick quotes, billing, job costing, change orders, purchasing, updating payroll hours, and more!

Tally Sheet (If you want a summary list of items you can click the "Tally Sheet" button after any updates to the Field Sheet)

[illegible]

- Tally Sheet – Saves time, Cuts material \$ losses.
- Techs touch the 'Tally Sheet' button to see a summary of all materials recorded on the job.
- Saves time - Workers spend less time rechecking their work looking for omissions and errors.
- Cuts material \$ losses – Forgotten materials are easy to spot - less likely to occur.

From Field to Office – Seamlessly!

The Import Screen delivers a stress free environment for the office staff.

Pictures say a thousand words

Taking pictures at the job site helps you better service your customer. Job site photos, installed parts, serial numbers - all protect you from future reprisal.

Electronic Filing

The entire Form is automatically stored with the Customer and the Job for future reference.

- Material, Labor and Direct Items
- Tax, Discounts, Job Total
- Tech Notes
- Electronic Signature
- Pictures
