## COBRA Mobile Enterprise with Smart Mobile

**COBRA Mobile Enterprise gives you Job Knowledge in the palm of your hand... anywhere, anytime..**

**COBRA Mobile Enterprise** is a state-of-the-art **mobile data capture** and **office processing solution** designed specifically for use by SubContractor Companies with Field Technicians who perform field service installations, repairs, sales, inspections and/or testing. It also provides the tools to run an efficient office operation, from job dispatch all the way to invoicing.

**COBRA Mobile Enterprise** provides an easy-to-use mobile solution that runs on any device. This new one-of-a-kind, 'field to office' solution includes a full range of new features including Scheduling, GPS Time Stamping for Time in and Time out, Material 'instant' search, Bar Coding, Quotes, Material Ordering, Collecting on Site, Voice to Text Job Notes, Unlimited Pictures and more. Contact us for more information or to request a demonstration.

**Mobile Enterprise pre-populates the customer and job data directly into the Electronic Field Sheet** - scheduled date and time, customer data, service history, material database, unlimited job pictures and more. The intuitive, simple drop-down menus require virtually no learning.

Field Techs can *sort* their information by Job #, Schedule Date, or by Customer. This helps them complete **their electronic paperwork easier, faster and with fewer errors.**

And the best part, the office processes all job-related data **with just one click**, ready for job cost review and invoicing.

#### Features include:

Scheduling, GPS time stamping - for labor time-in, time-out tracking, material database with 'instant search', on-site collecting, job costing, quotes, ordering materials, job photos, 'voice to text' tech notes and more.

#### GPS Time Stamping

Mobile Enterprise's *Time Capture* gives Field Techs the option to enter hours directly OR to use the new GPS Time-in, Time-out feature. This solution interfaces with GPS coordinates, which can be matched to a Job's GPS coordinates using Google Maps all integrated with **COBRA's** Job Master Pro.

#### On-Site Collecting

Mobile Enterprise makes it easy to collect payment on-site. Enterprise totals up the material & labor charges, including tax. Select the payment type, ask for the customer's signature and touch 'Email to customer'. Your customer is sent a receipt showing all the job details – field tech notes describing the work that was done, price, customer signature and more. Touch 'Submit' to send the same document back to **COBRA** where it is stored in **COBRA's** Document Center.

**COBRA Mobile Enterprise - providing a PROVEN ROI and rapid payback.**
